Free webinar. No registration required.

Centre for
Health Care Ethics

**SUSTAINABLE
DEVELOPMENT GOALS**

Reflections on Science, Ethics & Politics in the Rhetoric of COVID Policy

- Discuss the scope and rights of science and ethics in the context of public discourse about COVID policy.
- Argue that the rhetoric of science had the effect of occluding or eclipsing ethical and political issues.
- Discuss why it matters that the relative scope and rights of science, ethics and politics be delimited.

**CERTIFICATE OF
ATTENDANCE AVAILABLE**

Email: CHCE@LAKEHEADU.CA

*Belong to a group intent on
shaping the future of ethics in
health care!*
